I-072-001

We already have a 115 KVA line that bisects the two parcels. The line is less than 100 yds from our house. I feel we have already done our part and we don't want another line close to our house primarily for health reasons. We definitely will not live there if the new bigger line comes through.

I-072-002

There is plenty of land east of the railroad tracks that will only impact 2 or 3 big ranches only minimally versus on the West side of the railroad tracks where it impacts 100's of people. It makes no sense to impact me where I see and feel and hear the line versus some big rancher who will never even see the line.

### I-072-001: Cumulative Impacts (In Review)

Your email/letter/comment card has been received and your comment noted. Potential cumulative impacts and mitigation measures will be addressed in the Environmental Impact Statement.

The Environmental Impact Statement is anticipated to be completed in late 2010 and will be available at <http://www.usda.gov/rus/water/ees/ea.htm>.

### I-072-002: Route Refinement > Calumet-Comanche (In Review)

Your email/letter/comment form has been received and your comment noted. Route refinement for the proposed project and mitigation measures will be addressed in the Environmental Impact Statement.

The Environmental Impact Statement is anticipated to be completed in late 2010 and will be available at <http://www.usda.gov/rus/water/ees/ea.htm>.
